Member Info 02/2023 - Update of membership data

Dear Ladies and Gentlemen,

at the beginning of the new business year, we need to update your company data and we would like to ask for your help. Please find enclosed a database extract of your company as of 25th January 2022. The excerpt contains the data available to us with regard to membership status, representatives, address, etc.

Due to the steadily increasing number of members, we have decided to assign a company ID for each member company from 01st January 2023 onwards. This company ID is noted in the current database extract.

In the middle column of the extract, the available data on your company is listed, which you can then adjust or correct in the right-hand column if necessary. If there is no information in the data extract for a line, please fill in the line to the right with the desired information.

For the information on invoicing (e.g. for the contribution invoice), it would be helpful if you could enter any special specifications that you would like to be noted on the invoice.

We would ask you to check the enclosed data sheet and send it to us **by 28.02.2023 as pdf. - with company ID in the file name - back to our office** (a.quante@dca-europe.org). Please also send the data sheet back if you do not want to change anything, then please with a short note.

Your data will of course be treated confidentially in accordance with the DS-GVO.

Thank you for your cooperation!

If you have any questions, please do not hesitate to contact us at any time.

Drilling Contractors Association (DCA-Europe)
