Members' info 09/2023 – Annual Congress Leipzig – Oldenburg Pipe Forum Lectures 2024

Dear Ladies and Gentlemen,

Below you will find some information on the status of preparations for the 27th DCA Annual Congress, which will take place in Leipzig from 4-6 October 2023. In addition HDD presentations are still being sought for the 36th Oldenburg Pipe Forum in 2024.

27th DCA Annual Congress 2023

Topic: "The importance of HDD in the energy transition"

The programme for the 27th DCA annual congress is currently being finalised and will be completed by mid-July. As announced a panel discussion on "Upcoming Challenges around HDD" will take place on Thursday afternoon instead of the obligatory workshops. The panel discussion will be moderated by journalist Dr.in Antje Wöhnke and President Jorn Stoelinga. The event will be held in three blocks with different topics.

We would like to take this opportunity to thank all members who have contributed to the preparation of the panel discussion or who will be on the panel. This time the panel discussion will be held in German with simultaneous translation into English.

Registration for the congress - via link as of the end of July 2023

Registration for the congress and booking of rooms in the hotel will be done via two separate booking links as last year, which we will send you by member info at the end of July. Speakers and participants on the panel will receive the registration documents and further information separately from the office. Due to the high demand in recent years DCA members have priority in registering for the annual congress. Non-members will first be placed on a waiting list.

36th Oldenburg Pipe Forum 2024 "Call for Papers"

The 36th Oldenburg Pipe Forum will take place again next year from 08-09 February 2024 in the Weser-Ems-Hallen in Oldenburg. The title of the event is: „*Wasser, Abwasser, Strom, Gase – mit Künstlicher Intelligenz in die Zukunft*“. The DCA will again be present at the event with six lectures and the well-known Drilling Saloon.

If you have any suggestions for interesting HDD lectures or lectures from the industry on specific HDD topics, please send them to the office by 30 July 2023 at the latest (a.quante@dca-europe.org). Please include the title and name of the speaker. We will then forward the information accordingly after checking it.

Finally, we would like to point out once again that the member information, member certificates and other documents have no longer been sent by post for some time, but are available as downloads in the member area. The access data for the members' area has been sent to all member companies. If you have any questions, please contact Ms. Blania (judith.blania@dca-europe.org).

We wish you and your families a wonderful summer season!

With kind regards

Jorn Stoelinga
